Basic Crime Prevention Through Environmental Design

CPTED Professional Designation Qualifying Course

May 11 - 15, 2019

Denver Police Department

3921 N. Holly Street, Denver, CO 80207

Benefits of Attending

Cities and Counties throughout the country are adopting CPTED ordinances requiring site plan reviews with crime prevention in mind. Law enforcement officers who are specially trained in CPTED are now working closely with Planners, Architects, City Officials, and Educators to ensure the proper design of structures, schools, and neighborhoods. Participants will learn how the design and use of the environment can control human / criminal behavior and reduce the fear of crime. They will learn crime prevention through natural means. How natural access control and natural surveillance decrease the opportunity for crime. Participants will learn the different aspects of lighting and its effects on human behavior. Participants will work together on a site survey and provide a group presentation of their results utilizing CPTED strategies. They will learn the advantages of having a CPTED ordinance and how to construct and present it to lawmakers.

INSTRUCTOR

Jay Toth is a 35-year veteran of law enforcement, retiring as a Lieutenant with the Volusia County, Florida, Sheriff's Office. Jay supervised the crime prevention and school resource deputy program and was part of the school security assessment team providing security surveys, reviews, law enforcement services and training to the school district. He regularly provided community education programs to neighborhood watch groups, home-owners associations, students, parents, citizen groups, clubs and associations on topics such as cyber-crime, internet safety, neighborhood watch, frauds, scams, school security, and crime prevention through environmental design (CPTED). He completed numerous security and CPTED surveys, inspections and reviews for commercial, residential and educational facilities during his career.

Jay is a member of the Florida Design Out Crime Association and the Florida Crime Prevention Association. He holds his Florida Crime Prevention Practitioner, Florida School Resource Officer Practitioner, and Crime Prevention Through Environmental Design Practitioner designations through the Office of the Attorney General of Florida's Florida Crime Prevention Training Institute.

He has been instructing law enforcement topics on a state-wide basis for over 20 years, including crime prevention and school resource officer topics for the Office of the Attorney General of Florida. Jay currently instructs topics on the state, national and international level such as Basic CPTED, Advanced CPTED, CPTED for Schools and CPTED for Houses of Worship for the Florida Office of the Attorney General and the National Institute of Crime Prevention.
